

Transportation options from Kansas City international Airport to the Sheraton Overland Park convention Center.

There are 3 Route options ranging from 34 miles to 40 miles in distance and 32 minutes to 37 minutes travel time. Which route is best, depending on local traffic conditions at that time. While visiting the Sheraton Hotel I met the owner of a shuttle service named Faisal and his company is called Above and Beyond Transportation 913-709-1011 and he offers fixed rate transportation from the airport to the hotel and like many of these services requires a reservation but he can take up to 4 people and luggage in his luxury SUV. I assume Uber and Lyft service their customers to and from the airport. Below is a list of other shuttle services. A little preplanning will make your trip to and from the airport more convenient.

SHUTTLE COMPANY	PHONE NUMBER	SERVICE AREA	NOTES
